

## Citrus Centerpiece

Combine fruit and Christmas balls to make a soft and elegant centerpiece.

Lovely limes and lemons are a smashing contrast to shiny ball ornaments in this easy centerpiece. Be sure to choose the best-looking fruit at the supermarket.

### You Will Need

- Shallow bowl
- Lemon leaves (available at florists)
- 8 smooth-skinned lemons
- 3 smooth-skinned limes
- Gold and silver balls in assorted sizes

### What to Do

1. Line the bowl with lemon leaves, being sure to let many of the points stick out beyond the rim.
2. Arrange the lemons on top of leaves. Top lemons with the limes and balls. Tuck in additional lemon leaves at random.
